

SYSTEM AND METHOD FOR CONFIGURING AND INSTALLING INDIVIDUAL DEVICES OF A HOME ENTERTAINMENT SYSTEM

ABSTRACT OF THE DISCLOSURE

5 A system and method for configuring and installing devices of a home entertainment system includes a portable memory media that can be installed in a memory slot of a television. The portable memory media can be preprogrammed with set-up instructions that are displayed at the television. A user can follow these instructions step-by-step in order to properly install and configure a television and any peripheral entertainment devices.
